

The City of Fort Myers is in the process of completing the First Program Year Consolidated Annual Performance and Evaluation Report Plan. The plan provides an opportunity to evaluate the housing and community development accomplishment and performance for the Fiscal Year 2020-2021 Community Development Block Grant (CDBG) program funds. The United States Department of Housing and Urban Development (HUD) allocates approximately \$625,000 in grants funds to the City's CDBG program each year. The funds were used to develop stronger communities by providing decent housing, creating suitable living environments, and expanding economic opportunities, principally for low- to moderate-income persons that reside within the City limits.

In our continuing effort to enhance citizen participation, the City would like to invite city residents, non-profit organizations and community leaders to the following virtual meeting:

Every year the City completes the plan and submits to HUD, which reports the accomplishments and progress toward the 5-year Consolidated Plan goals. The City focuses on housing, public service, and economic development.

The City strives for *community-wide participation* and all comments will be considered in the 2020-2021 CAPER.

Please feel free to contact Beverly Reed at 239-321-7979, if you have any additional questions and/or concerns.
