

Thank you for your interest in swim lessons with the City of Fort Myers. We would like to take this opportunity to share with you why the aquatic programs have been minimized for this spring, 2022.

The Fort Myers Aquatic Center, located at 1750 Matthew Drive, is home to the bulk of our group swim lessons. This location is the largest of the 3 aquatic facilities that the city has and is able to host multiple sessions and levels.

As of April 2021, the Aquatic Center facility is currently closed and is undergoing a much needed renovation. During the closure, we are pleased to have to opportunity at the Golfview pool location to host swim lesson sessions for the spring! We look forward to the Aquatic Center reopening. Reopening date still to be determined.
